[A to Z Databases](#) is an online resource available through [Michigan eLibrary](#). This database offers information on American businesses and households, making it the ideal tool for sales leads, mailing lists, market research, employment opportunities, finding friends and relatives, and much more!

It was another busy summer full of stories, science, art and fun performers. 1,383 parents and children attended 48 programs as part of our 2019 Summer Reading Program. Over 130 kids and teens completed the individual reading challenge. As always, we are grateful to the Friends of the Library for sponsoring our efforts to keep kids reading and learning throughout the summer months.
