Director Boyer noted that she added to the "Building and Grounds" category because the emergency lighting backup needs new batteries and the vestibule door handle broke off today. The quote for the new batteries is \$3,864. The door handle will need to be replaced. Demetrhea Terrien asked about the emergency lighting backup. Director Boyer explained it is only for when the power goes out. Demetrhea Terrien asked about the Tonieboxes. Director Boyer gave a brief demonstration. They are a screen free way for kids to listen to books. Susan Blose

asked about the hotspots. Director Boyer noted that we have a new policy that prevents patrons from abusing the system. Demetrhea Terrien asked about Polaris. Director Boyer explained it is the big software for libraries – the current one is called Sierra. This new system is owned by the same company, but it's cloud based. Lakeland has outgrown Sierra. Susan Blose asked if that includes a new app. Director Boyer said it's a different thing, but they probably will change the app as well. Frank Aiello asked if it's cheaper. Director Boyer said yes, but the migration is expensive. Lakeland is handling the migration, we pay dues to Lakeland. Sara Nelson asked about the Commercial Record. Director Boyer said the Library has gotten clear and cohesive articles so far. Susan Blose asked about the adult reading challenge. Marlee Hudson explained that it is a passive challenge that encourages patrons to read and get outside, rather than be on their phones. A FOL tote bag filled with goodies is the prize, which will be given to the winner in August.
